Such action may be without prior notice.
8. **Evidence:**
 - a. Oral evidence shall be taken only on oath or affirmation.

If respondent does not testify in his own behalf, he may be called and examined as if under cross examination.
 - c. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions, and irrelevant and unduly repetitious evidence shall be excluded.
 - d. Whenever the members of the Hearing Board conducting any hearing deem it necessary to examine any person as a witness at such hearing, the Chairman of the Hearing Board may issue a subpoena, in proper form, commanding such person to appear before it at a time and place specified to be examined as a witness.  - i. The Petitioner shall be the party (or parties) filing the moving petition before the Hearing Board.
 - ii. The Respondent shall be the party (or parties) responding to the initial moving petition filed by the Petitioner to be considered before the Hearing Board.
 - iii. Amicus Party: Upon prior approval by the Hearing Board, an amicus party may file a petition supporting either the Petitioner or the respondent, or as a friend of the Hearing Board.

- vi. **Marking of Evidence.** Evidence shall be formally referenced as "Petitioner's Exhibits" P-1, P-2, P-3...etc. and "Respondent's Exhibits" R-1, R-2.R-3, etc.
- vii. **Time Limits for Hearing.** The Chair, at his or her discretion, may impose a reasonable time limit for the conduct of the hearing, provided that the Petitioner and Respondent have equal time in which to present their respective cases. Time limits may be for the conduct of the entire hearing or for identifiable components of the hearing (such as opening statements, closing statements, etc.).
- viii. **Opening Statements.** Petitioner and then, Respondent shall have the right to provide a brief oral opening statement prior to the introduction of evidence. However, the parties may elect to waive opening statements and proceed directly to the introduction of evidence.

The Respondent shall have the right to cross-examine each witness called by Petitioner, and the Board or Hearing Officer may direct questions to the witnesses.
- x. **Respondent's Evidence.** Following the Petitioner's presentation of evidence, the Respondent shall next have the opportunity to present evidence on issues relevant to the petition. The Chair, in his or her discretion, may impose a time limit that shall apply equally to each member of the public who addresses the Hearing Board. If the Chair determines such testimony is not relevant to the petition before the hearing Board, the Chair may so advise the speaker and terminate the speaker's opportunity to provide irrelevant public testimony. The Public shall have the right to present all relevant testimony, subject to any time limits imposed by the Chair.
- xiii. **Petitioner's Closing Statement.** The Petitioner shall next be provided an opportunity to present a closing statement to the Hearing Board.

- xvii. **Hearing Board Consideration and Action.** The Chair shall then direct the Hearing Board to consider and act on the petition. During the discussion and consideration of action by the Hearing Board on the petition, the Hearing Board may ask for clarification of prior testimony and evidence having been provided, however, no new evidence shall be introduced following the close of the hearing.

The decision shall contain a statement of findings and shall be distributed to all parties and their attorneys by the Clerk of the Hearing Board.
3. No Short Term or Regular variance shall be granted unless the Hearing Board makes all of the following findings:
 - a. That the petitioner for a variance is or will be in violation of a provision of the California Health & Safety Code or of any rule, regulation or order of the District, including, but not limited to, any permit condition
 - b. That due to conditions beyond the reasonable control of the petitioner, requiring compliance would result in either an arbitrary or unreasonable taking of property, or the practical closing and elimination of a lawful business.
 - i. That such closing or taking would be without a corresponding benefit in reducing air contaminants.
 - ii. That the applicant for the variance has given consideration to curtailing operations of the source in lieu of obtaining a variance.
 - iii. During the period the variance is in effect, that the applicant will reduce excess emissions to the maximum extent feasible.
 - iv. During the period the variance is in effect, that the applicant will monitor or otherwise quantify emissions levels from the source, if requested to do so by the District, and report these emissions levels to the district pursuant to a schedule established by the District.
4. Upon making the specific findings set forth in Rule 606(1.3), the Hearing Board may prescribe requirements other than, but not more onerous than, those imposed by statute or by any rule, regulation, or order of the district board, applicable to plants and equipment operated by specified industry or business or for specified activity, or to the operations of individual persons. However, no variance shall be granted if the operation under the variance will result in a violation of Rule 104(1.0) of the District.
5. In prescribing other and different requirements, in accordance with Rule 606(1.4), the Hearing Board shall exercise a wide discretion consistent with Legislative declarations contained in Health and Safety Code Sections 3900 and 39001, in weighing the equities involved and the advantages to the residents of the district from the reduction of air contaminants and the disadvantages to any otherwise lawful business, occupation, or activity involved, resulting from requiring compliance with such requirements.

6. The Hearing Board may require, as a condition of granting a variance, that a cash bond, or a bond executed by two or more good and sufficient sureties or by a corporate surety, be posted by the party to whom the variance was granted to assure performance of any construction, alteration, repair, or other work required by the terms and conditions of the variance. Such bond may provide that, if the party granted the variance fails to perform such work by the agreed date, the cash bond shall be forfeited to the district having jurisdiction, or the corporate surety or sureties shall have the option of promptly remedying the variance default or paying to the District an amount, up to the amount specified in the bond, that is necessary to accomplish the work specified as a condition of the variance.
7. The Hearing Board, in making any order permitting a variance, shall specify the time during which such order shall be effective, in no event, except as otherwise provided in Rule 606(1.8), to exceed one year, and shall set a final compliance date.
8. A variance may be issued for a period exceeding one year if the variance includes a schedule of increments of progress specifying a final compliance date by which the emissions of air contaminants of a source for which the variance is granted will be brought into compliance with applicable emission standards.
9. The Hearing Board may, in its discretion, rehear a decision if a party petitions for a rehearing within 10 days after a copy of the decision has been mailed to him.

Except as otherwise provided in this Rule, any such petition shall be filed within 30 days after the decision has been mailed. The right to petition shall not be affected by the failure to seek a rehearing before the Hearing Board.
2. The complete record of the proceedings or such parts thereof as are designated by the petitioner, shall be prepared by the Clerk of the Hearing Board and shall be delivered to the petitioner within 30 days after a request therefore by him, upon payment of the fee specified in Rule 607.
3. The complete record includes the pleading, all notices and orders issued by the Hearing Board, the final decision, a transcript of all proceedings, the exhibits admitted or rejected, the written evidence and any other papers in the case.
4. Where the petitioner, within 10 days after the last day on which a rehearing can be ordered, requests the Clerk of the Hearing Board to prepare all or any part of the record, the time within which a petition may be filed shall be extended until five days after its delivery to him. The Hearing Board Counsel may file with the court the original of any document in the record in lieu of a copy thereof.
5. In any proceeding pursuant to Rule 608, the court shall receive in evidence any order, rule, or regulation of the district board, any transcript of the proceedings before the Hearing Board, and such further evidence as the court, in its discretion, deems proper.
